POLICE BELIEVE THEY HAVE THE BOLD ASSAILANT OF LITTLE FLOSSIE WHITE

Frank Gardiner Pierce Alias Roy Gardiner, Comedian, Accused of Being the Child's Assailant.

The police believe that at last they have found the mysterious stranger who attacked little Flossie White at Sixth and Market streets several weeks ago. Recently Frank Gardiner Pierce, who as Roy Gardiner, was once a well-known comedian, was arrested for a felony, and the police believe that he is the White child's assailant.

Answers the Description.

Pierce answers in every particular to the description furnished by Flossie White of the man who attacked her. He is the same height, has gray hair and beard, and wears a long dark overcoat. For several months he has lived at Seventh and West streets, within a block of where the child was assaulted, and, according to the police, there have been many frequent complaints that he annoyed the children of the neighborhood.

Will Plead Guilty.

Yesterday the preliminary hearing of Pierce was held and he was held to answer by Police Judge Smith, with bonds fixed at \$5,000. He stated that he would plead guilty to the charge, saying that he wanted to get away from Oakland before he could be found out by erstwhile theatrical friends.

Attack on Flossie White.

The attack upon Flossie White was most mysterious. She lives with her aunt, the wife of Policeman McCloud, at Fifth and Market streets, and early one evening she was sent to a grocery store two blocks away. As she was returning home with several packages of groceries she was set upon by an unknown man, who, after beating her with a cane, threw her into a wagon. She found several hours later six blocks away, unconscious and bound hand and foot.

Work of a Madman.

It was agreed that the assault was the work of a madman, but all efforts to identify him were unsuccessful. The arrest of Pierce, however, has convinced the police that at last they are about to solve the mystery.

Pierce denies that he had anything to do with the attack upon the child, and says he did not know her. It is hoped by the police that the child may be able to identify him.

He is a Degenerate.

"Pierce had a Pacific Coast reputation as a comedian a few years ago," said Patrolman Sherry, who made the arrest, "but he has become a degenerate. About a year ago he was run and his wife left him there. He followed her to Oakland and she left him again. She is now in the East. Thinks He is the Man."

"There is no doubt in my mind that Pierce is the assailant of little Flossie White. The description of the latter fits Pierce exactly, and he may have been responsible for scaring several women, who have reported such matters to the police."

PIERCE GETS FOURTEEN YEARS IN PRISON

Judge Melvin this morning sentenced Frank Pierce to the penitentiary at Folsom for fourteen years, for assault upon a boy named George E. Roote, who is ten years of age. Pierce pleaded guilty and waived time.

The State was represented by Assistant District Attorney Samuel. Pierce sought to extenuate his offense by stating that at the time of the commission he was laboring under the effects of drink and that he had been in that condition for seven weeks.

Pierce's plea had no effect upon the court, which declared that the full limit of the punishment of the law was fourteen years, and that he was sorry it was not greater so that he might visit it upon the offender for his crime.

MRS. MORRISON SAYS HUSBAND WAS CRUEL.

She Asks the Superior Court to Grant Her a Divorce and Allow Her \$100 a Month Alimony.

Mrs. Catherine A. Morrison has brought suit for divorce from A. J. Morrison on the ground of extreme cruelty. The complaint was filed this afternoon, the attorneys being Spook & Church and Bernard Miller.

Trouble Long Standing.

It is the outgrowth of a long series of domestic troubles which have been experienced by the twain for some years past, not a few of which were recently aired in the Justice Courts of this city.

Morrison and his wife have been living apart for some time, and there has been anything but a pleasant feeling existing between them.

Mrs. Morrison was formerly an inmate of one of the asylums of this State, from which she was released on a writ of habeas corpus. Her friends claimed that she was not insane, and they base their assertion upon the manner in which she has since conducted herself.

The Wife's Defense.

The wife justified the abstraction of the papers on the ground that the husband had among them papers which reflected upon her character which he was using and intended to use for the purpose of injuring her reputation.

The wife, however, produced some of the documents which had been taken and the husband declared that the most important of his documents had not been surrendered at all.

She Wants Alimony.

Morrison's estate is supposed to be worth \$25,000.

The petitioner asks for alimony in the sum of \$100 a month.

BUSINESS WOMAN IS FREED OF A HUSBAND

Charles A. Tyrrel Was Just a Helper at the Hair Store and Kept the Accounts.

Mrs. Louise C. Tyrrel was granted a decree of divorce this morning from Charles A. Tyrrel, a young man engaged in the insurance business in this city, and a son of ex-Sheriff Jerry Tyrrel of this county. The separation was allowed by Judge Greene on the ground of desertion.

The plaintiff is known in the business world as Mrs. Marvin, and under that name, which she received in a former marriage, she conducts a hair store on the west side of Washington street between Thirteenth and Fourteenth streets.

An answer had been filed in the case in which Tyrrel denied the allegation of his wife that he had deserted her.

Mrs. Tyrrel was represented by Attorney Brown, who noticed that the defendant was not present in court and who called Judge Greene's attention to the fact.

The Judge said that the absence of the defendant might be due to the fact that his attorney, H. C. Aldrich, might have supposed that the Spring Valley Water Works case, which was continued yesterday, was to be under hearing today.

The Lady Blushes.

"Ever since I was an infant," was the answer.

Judge Greene smiled and said: "You have told me your age, madam, and I shall be compelled to ask you that question unless you tell me how long you resided here before divorce proceedings began. Was it a year?"

"No," replied the lady, blushing noticeably.

"How long had you resided in Alameda county before you filed your complaint for divorce?"

PRINCE HENRY WELL RECEIVED IN BOSTON.

BOSTON, March 6.—Prince Henry's first view of Boston was the snow clad city upon which shone the sun from a clear sky. Hundreds of workmen were busy at daylight in clearing the streets through which the Prince and his party were to pass and by 8 o'clock the route was in excellent condition and the thoroughfares had been roped off. Nearly the entire route through the city was brilliant with color before the Prince arrived.

German Flags Predominate.

German flags of red, white and black predominated in many places over the red, white and blue.

At 9 o'clock the first battalion of cavalry, one of the best of Massachusetts' volunteer troops, had drawn up in the station ready for escort duty. A dozen open carriages were in waiting to convey the Prince and his party to the Hotel Somerset.

Near the carriages a battalion of the Massachusetts Naval Brigade was drawn up to act as a guard of honor as the Prince and his cavalry escort appeared. With the detail was a band.

JUROR DECLARES THAT HE IS IN FAVOR OF OPEN LOTTERIES

"I am in favor of lotteries," announced M. Snyder, a Washington street merchant, in the Police Court this morning. Snyder was being examined as to his eligibility to serve as a juror in the case of Ah Lee, who is charged with selling lottery tickets.

"I think all the laws should be enforced," replied Snyder, but I don't think this is a good law. I felt inclined toward

SHARP TRICK IS PLAYED ON POLICE

STOCKTON OFFICERS ARE INFORMED THAT KID GOUCHER WAS ON TRAIN.

Howard Bulky Is Given a Warm Reception at the Depot.

STOCKTON, Mar. 6.—The police were notified here that "Kid" Goucher was to arrive on the morning train from San Francisco.

The police department of San Francisco was evidently misinformed, or made the victim of a hoax. The man taken for "Kid" Goucher was Howard Bulky, a resident of this city and well known here. He fitted the description to a nicety, except that he was better dressed than the police had been told of.

He carried a basket, as stated in the information. In the basket were new potatoes, tomatoes, green peas and other articles to eat. Bulky has lived here for years and, being a frequenter of the tenderloin and opium joints, is well known to the police. The police surrounded him as soon as they saw Bulky that a mistake had been made, but Detective Walker went through the train to make sure.

Bulky, who is a harmless fellow, was much surprised to hear that he had been mistaken for the alleged murderer of Policeman Robinson, and is congratulating himself that he was not arrested in San Francisco, where he has been several days. The mistake of the San Francisco police occasioned much merriment.

There was quite a crowd at the train together with camera men to get the man's picture.

WILL NOT CUT IN THE LEVEE. FOR PROTECTION OF PRESIDENT.

SHERIFF SERVES A WRIT ON THE MEN DOWN THE SACRAMENTO.

There Was No Trouble When the Officer Made His Appearance.

SACRAMENTO, Cal., March 6.—Deputy Sheriff J. J. Hinters returned from Isleton, down the river, this morning. He went there yesterday to serve a writ of temporary injunction upon C. J. Schaefer, Phil Gardner and Hans Wolf, restraining them from cutting the levee on the eastern side of Andrus Island. The writ was issued by Judge Carroll Cook of San Francisco, upon the petition of roomman company, which has large land holdings on Tyler Island. Hinters served the writ, but says there was really no need of the services as the breaking of the cross-levee on Andrus Island removed all the danger which threatened Tyler Island.

UNKNOWN MAN KILLED BY TRAIN

WAS STRUCK AT PORT COSTA AND BROUGHT TO OAKLAND.

Died at the Receiving Hospital Before Anything Could Be Done.

An unknown man was struck and killed by passenger train No. 3, which arrived here this afternoon at 12:30 o'clock.

The accident occurred at Port Costa. The train was met at Sixteenth street depot by the patrol wagon, which carried the victim to the Receiving Hospital.

When he arrived at that place, however, the poor man was dead. He was unconscious from the time of receiving the injury and there was no person in the vicinity of the accident who was able to identify the unfortunate. The remains were taken to the morgue.

PURCHASE FOR TERMINAL DEPOT.

Real estate men have discounted in advance the entrance of the Santa Fe into Oakland. Many of them have been convinced from the start that the road would come in here sooner or later, and the recent heavy purchases of property in the vicinity of Fourth street and in Berkeley, along the line of the California and Nevada, by the Realty Syndicate, together with the preparations to start a new ferry, impressed all real estate dealers as presaging some important and comprehensive scheme of improvement in which all the moves bore relative parts.

It has been talked about for some time that the Santa Fe was coming in here, and from the beginning the California and Nevada was selected as the line of entrance. It has been rumored from time to time that the legal battle over the bonds of the narrow gauge had an important bearing on the plans of the Santa Fe.

Now it is accepted as a fact that the road is coming in soon, and popular interest has turned to speculating on how it will affect the movement of population and trade. As to the local effect, opinion is diverse, but there is a general unanimity of sentiment that Point Richmond will be sidetracked and will become little more than the terminus of a freight ferry. The roadstead there is too open in rough weather to suit shipping men, and the ferry trip is too long to be popular. From the Fourth pier it will be exactly the same distance across the bay as from the Southern Pacific mole. This idea seems to be that the Santa Fe and the Oakland Transit Company will have a joint interest in the ferry, or rather in the corporation owning the ferry.

The Santa Fe has just been announced of the land bounded on the east by Bullock street and running through to the Southern Pacific Company's right of way on the west and fronting nearly two blocks on the California and Nevada Railroad, right where it crosses the Southern Pacific Company's tracks this side of Emeryville and containing about six acres, to George Sterling, who is understood to represent the Realty Syndicate, by Charles H. Smith and his brother, Albert Smith of Denver, sons of the late Capt. L. W. Smith, who connected the California and Nevada line.

It is understood that this was the property which the Realty Syndicate desired to acquire for their terminal facilities, negotiations for the same having been pending for some time past, and which were brought to a successful conclusion a few days ago by H. E. Belden, the Broadway real estate dealer, who negotiated the transaction. The price, of course, is not made public, but it is understood to be in the thirty thousands.

Now that the Realty Syndicate has acquired this piece, it is believed that nothing remains in the way of the immediate beginning of the construction of their ferry line.

It appears that the Syndicate has acquired about half the property rights deemed necessary to carry out the railway and ferry plans, although it may be possible to purchase two or three small pieces of real estate to guard against contingencies.

But will business move out toward Fourth street when the Santa Fe gets in? Some say yes, and others say no. The large property owners in the present business center do not appear at all concerned. They are convinced that the business center will never be very far from Fourth street; that it has practically become fixed in the blocks through which the various streets radiate to the north. They believe it will never get much farther from the harbor than it is now. According to their view, the harbor is destined to become the great industrial center of the city. However, others contend that the factory district will move to the bay shore on the north, but it is noticeable that men's views are generally colored by their interest in discussing the matter.

Nothing further has been divulged of the plans of the Santa Fe and the Realty Syndicate other than what has heretofore been published, but it is certain that applications for amended charters will be made as soon as the Oakland and East Side Company has acquired the rights of the California and Nevada. Until then, little remains to be done.

ELECTRIC DEAL IN THE SOUTH

CONSOLIDATION OF LIGHT COMPANIES IS EFFECTED IN LOS ANGELES.

Huntington and Hellman are Said to Be at the Head of Deal.

LOS ANGELES, March 6.—What is virtually a consolidation of the electric lighting and power companies of Southern California has been effected in the organization of the Pacific Light and Power Company, which has just incorporated with a capital stock of \$10,000,000. Certificates of incorporation for the new company were filed with the County Clerk with the following named as the incorporators: Henry E. Huntington, L. W. Hellman, A. Borel, Charles De Guigne of San Francisco, Wm. G. Kerckhoff, Kaspare Cohn and H. W. O'Melveny.

The purpose of the new organization, as stated in the articles of incorporation, is to manufacture, produce, generate and distribute electric energy for light, heat and power, and to supply towns, cities, etc., and to sell gas, and to sell water for power and irrigation and domestic purposes.

The new company will operate in Los Angeles and throughout Southern California generally. It is an extension of the San Gabriel Electric Company, whose operations will extend into the Kern River country.

MONEY FOR THE STREET RAILWAYS

SAN FRANCISCO PURCHASE WILL NOT DISTURB MONEY MARKET.

Arrangements Have Been Made for the Coin in New York City.

NEW YORK, March 6.—A member of the firm of Brown Brothers & Co. said today that the payments for the purchase of the street railways in San Francisco would be made without disturbance in the bond money market and that so far as he knew at present, not a dollar would be shipped from here. He said that the firm had arranged for on Tuesday and the balance of \$15,000,000 would be paid by March 20th. About half of the total amount will be paid to stockholders here, according to Brown Brothers & Company.

SMALLPOX IS SO PREVALENT IN BERKELEY THAT PEOPLE ARE WORRIED

BERKELEY, Mar. 6.—The epidemic of smallpox has become so prevalent that stringent measures for checking the disease are being advocated by many leading citizens of the town.

Berkeley does not have an ordinance compelling school children to be vaccinated. As a consequence a law of the parents are detaining their children at home until the epidemic gives indications of subsiding.

Dr. Payne, the new Health Officer, today said: "While it is true Berkeley is without a law compelling school children to be vaccinated, yet the State law grants the Health Officer sufficient authority to take that measure to prevent the spread of the contagion. If the present epidemic continues I certainly am in favor of vaccinating the school children to prevent the disease from becoming general."

It is believed the Town Trustees should pass an ordinance making vaccination compulsory. There is a certain element in the town opposed to vaccination, and for we to proceed under the State law we would arouse their antagonism.

For this reason I believe the Trustees should act at once."

Dr. Rowell, the predecessor of Dr. Payne, experienced much difficulty in convincing certain residents that smallpox really existed. It required the concurrence of six outside physicians to convince those who protested against the inconvenience of the quarantine that smallpox really existed.

If the vaccination of school children becomes compulsory, it is possible that the antagonism of some of the parents will be sufficiently strong to put the matter in the courts.

The Berkeley Board of Education, it is understood, is in favor of compulsory vaccination.

IN THE MIDST OF TERRIFIC EXPLOSION

Many People Are Reported to Be Entombed in a Mine.

MONOGALLA, Pa., March 6.—Another explosion occurred shortly before noon in the Catsbury Mine, and two men were seriously burned. Many others are reported entombed in the mine, which is burning furiously, and it is feared that all are dead. From what can be learned, John Hager, a machinist, went into the mine and placed his safety lamp in one of the room entrances. At least a score of men were with him. Just as Hager put the lamp in the opening a terrific explosion followed. At the moment he was knocked down by the force of the explosion and many of them rendered insensible. Hager was stunned for a moment, but as soon as he regained consciousness he crawled over the prostrate forms of the men and succeeded in getting to the mouth. He was followed by James Turman. Both men were horribly burned about the face and hands.

HEAVY WEIGHT BATTLE

AT RELIANCE CLUB.

The heavy-weight contest between Joe Kennedy and Jack Johnson will take place at the Reliance Athletic Club tomorrow evening. All is in readiness for the big event, and both men are reported in good condition. While Johnson is the favorite with the local people, Kennedy will have the San Francisco crowd with him heart and soul. Joe made himself solid with the union men during the recent strike, when his ability in the fist line served the strikers well on more than one occasion.

A change has been made in the preliminaries. Jack Carroll, a hard hitting San Francisco Athletic Club boxer, has been substituted for Jack Dougherty, who had an attack of cold feet at the last moment. Dougherty no doubt concluded that one beating at the hands of Louis Long was enough. Fortunately Carroll was in training for an amateur match in San Francisco and readily agreed to take Dougherty's place.

The evening's festivities will be opened

by a race between the two men, who will meet Jack Johnson at the Reliance Club.

SPORTS ON THE COLLEGE CAMPUS

SUBSCRIBERS BEING TAKEN

TO SEND THE U. C.

TEAM EAST.

BERKELEY, March 6.—The subscription among the students of the University for defraying the expenses of the track team, which leaves for the East in May, are coming in rapidly enough to justify Manager Decote's belief that the entire amount will be raised in this way.

Considerable apprehension has been felt by the students since the decision to hold the inter-collegiate meet at Palo Alto instead of at Stanford, relative to the funds for the much cherished trip. The field day at Palo Alto will be a grand success from an athletic standpoint without question, but it is conceded that it will scarcely be a financial success.

The smaller the returns from the day, the greater must be the contribution from the students toward the expenses of the Eastern trip.

The faculty has not a great amount of money at its disposal, and it is doubtful if money would be forthcoming from that source, providing the funds for the trip fell short.

As a last resort, it is possible that Mrs. Hearst would be appealed to in event of the fund being short only a few hundred dollars. Mrs. Hearst has unfailingly stood by her proteges on all occasions, and it is believed that an appeal to her would not go unanswered.

Manager Decote is sanguine, however, that college pride will come to the rescue and all expenses will be subscribed by the students themselves.

THE EASTERN TRIP. BERKELEY, March 6.—Approve the talk of the Eastern trip of the University athletes, much disappointment is expressed over the fact that La Valliere, conceded to be one of the best all-around athletes on the Coast, has been declared a professional. This prevents him from entering the contest with Stanford as well as participating in the gathering with Eastern colleges.

La Valliere's versatility in athletics extends over a great number of sports. In many of his events he would not be classed as a second rate, and on the track he is a hard man to beat. From the 100-yard dash to the mile run.

He won the recent 4-mile cross country run given by the Olympic Club. He cannot be reinstated as an amateur until next November, at which time a determined effort will be made to have the ban of professionalism removed from one of the University's crack men.

TENNIS GAMES. BERKELEY, March 6.—The tennis players who hope to be pitted against Stanford and next month are training assiduously for the event. Those who play in next Saturday's preliminary doubles on the Varsity are Dick McGowan, Ed Baker and Brown. These men have shown the best form this year, and unless they are suddenly overtaken by new material developments, they will be the ones to attempt carrying the blue and gold to victory.

The candidates for the intercollegiate tournament put a very fast practice game and it is believed they stand an excellent chance of winning from the cardinal.

only put her in the race to fill up the card.

THE GUNST HANDICAP.

AT OAKLAND TRACK.

Janelo, who seems to run kindly for Jackson, was the only favorite to reward backers. She won the Gunst Handicap in the largest kind of a romp. Opening at 7 to 5 in the betting, she was ridden out on her own terms and the parade for the post started she was a 1 to 2 chance.

She got away badly from the post, but ran right up to the field in the first sixteenth and was under wraps the remainder of the distance. On the turn out of the back stretch Jackson had her in a bad pocket, but Jockey Woods, who steered Joe Grey, very obligingly pulled his mount out and she was allowed to burst through to the path and she waved good-bye to the rest.

GOLF GAMES ATTRACT PLAYERS.

Walter Fairbanks of Denver, who is a member of the Los Angeles Country Club, and John Lawson of the San Francisco Golf Club are all that remain undefeated in the play for the amateur golf championship for men now being decided in Los Angeles. The two players will meet today and the winner will be proclaimed champion of California amateur golfers.

Since Oakland's reputation for the game has been established, the sincere wishes of every golfer at the Adams Point links goes out to Mr. Lawson, and hopes are entertained that he will bring the prize to the bay shores.

In Mr. Fairbanks' Mr. Lawson has a player of color and a better player, who has a cool and deliberate play. The contest between the two should be a brilliant one. Mr. Lawson did not decline to go south and the very last moment, and he departed without any preparatory practice. Taking into consideration the strange climate and conditions, his work in getting so far along in the annual struggle is particularly encouraging.

The weather yesterday was good golf weather and the play at times was close and interesting, especially between Lawson and Fairbanks. Following are the results: Mr. Fairbanks beat W. R. Hewitt, 7 up and 5 to play; John Lawson beat N. F. Wiltshire, 1 up. Besides the finals in the State championship, there will be played tomorrow the finals in the Southern California amateur championship between H. M. Sears and J. E. Cook.

The winner of the State championship of one year will be decided on the same day.

MRS. BROWN WINS IN

FINALS AT PRESIDIO.

In the finals on the Presidio links for the Council's cup tournament, Mrs. R. Gilman Brown defeated Miss Alice Hager in one of the most exciting golf matches ever played between women across the bay. A score of 1 up and 10 holes. The finish was very exciting, Miss Hager leading and appearing to be an easy winner to the last two holes, when her nerves faltered and the wonderful uphill play of Mrs. Brown won her the honor of the first inscription on the Council's cup.

Miss Hager played a brilliant match up to the eighteenth hole, when she was down 10, 1 up and 1 to play, where she lost her control and suffered defeat. After long and arduous and wearying were wonderfully effective, but at the eleventh hour she got nervous just as Mrs. Brown did when she lost the coast. She was in a state of nervousness, and her steady uphill play unraveled her opponent. She deserves all the credit of a well earned victory.

VALUE OF CITY EMBELLISHMENT

Daniel H. Burnham, chairman of the Park Commission of Washington, says that money spent in beautifying and ornamenting is the most valuable investment that a city can make. It is a permanent investment more lasting than anything else. It is this that has preserved the interest, so far as visitation is concerned, in Athens and Rome. Other great cities of antiquity have left their impress on history, but they are vague memories because they reared nothing for posterity to see their influence and power.

"The people of Southern Greece owe even now much of their income to the presence among them of travelers who come to gaze upon these splendid works which were built under a political genius (Pericles) who discovered the best method of perpetuating the prosperity of a city," says Mr. Burnham. He might have added that Sparta gained the victory in the long war for political supremacy in Greece, but Sparta possessed no interest for man-kind and no importance today because its people builded nothing to commemorate their achievements, reared nothing to perpetuate their advancement in the arts. As the poet says "Art is long but time is fleeting," and beauty and taste as illustrated by art are embellishments to a city that give pleasure and pride to its inhabitants, but more than that they constitute the most enduring basis of permanent prosperity. Beauty in the public work of a city has always paid; it pays now better than at any time in the history of the world, and even utility itself, however necessary and desirable, gives no such claim upon the consideration of posterity. Mr. Burnham says: "The magnet of Athens is her monuments, the strength of which seems ever increasing. When the buildings on the Acropolis and the architectural remains that lie in or near that city shall have disappeared Athens will no longer interest travelers. Many other cities still prosper whose commerce has departed and which are no longer helped by the influence that originally built them up. Rome, Cairo, Venice, Florence, each continues to attract the wealthy and the leisure class of the outer world. They visit these cities in great numbers, and will continue to do so as long as their public monuments endure."

Then he turns to the impressive lesson given by Paris in more recent times: "There is a modern example which equals that of any ancient city in its power of attraction, and we must applaud the foresight of Louis Napoleon, who is said to have lavished a sum equal to \$50,000,000, through the hands of Baron Haussmann, for the public improvements which make Paris a mecca for travelers. Fifty millions of dollars is a large sum, yet I am told that there every year foreigners spend not less than \$500,000,000, on which the profit to the inhabitants of the city is \$20,000,000, or more than the Emperor laid out in accomplishing his purpose."

When we turn from the Old World to contemplate the effect of municipal improvement and embellishment in America, we see that it has paid enormously wherever practiced. Parks, boulevards, art galleries, libraries, monuments, fine public buildings, and museums invariably bring in a large financial return aside from the gratification and instruction they afford to the public. They are property in the highest and best sense of the word. The people of Oakland should realize this.

NAME AND FAME.
The Sacramento Record-Union evidently believes there is much in a name. It is proposed to change the names of those streets of the Capital City now designated by letters to names, having for initials the former designations. In accordance with this proposition, it is suggested that W street be called Wawona. Whereat the Record-Union grows wrath and enters spirited protest. It wants the street named Washington, in honor of the Father of his Country. "Why," it asks, with asperity, "Wawona, when Washington would be so much more appropriate?" Leaving aside the question whether the man first in war, first in peace and first in the hearts of his countrymen could be honored by naming any street in Sacramento after him, it appears that W street is a trifle too insignificant for such a commemorative purpose. It would do no credit to the first President.

But the naming of villages and streets of villages after Washington has been overdone. The practice has cheapened a great name. There is something noble and mouth-filling about the word Washington that makes it sound imposing apart from its personal and historical association, and to hear some shabby little town or dirty ill-kept street called by it conveys an idea of unfitness amounting almost to sacrilege.

Opposite Sacramento, on the Yolo side of the river, is a collection of small houses clustered along two or three muddy lanes. This place is called Washington. Some years ago one of the ablest and most astute members of the State Senate as taken to task for voting to change the name. "Have you ever seen the place?" he asked. Being given an affirmative answer, he again asked, "Does it look like a town that ought to be named Washington?"

Wawona is all right and would not be a bad name for a side street in Sacramento. But Washington? Heaven forbid!

If the Los Angeles Times would not persist in terming the entire region north of Tehachapi "Northern California," it would possess more claims to fairness. Marysville is more than a hundred miles north of San Francisco, but the region to the north of that is more extensive than the section south of Tehachapi. All the country lying between Marysville and Bakersfield is, properly speaking, Central California. It will do the Times little good, to protest against unfairness so long as it resorts to the expedient of making geographical terms convey a covert misrepresentation.

"WAY DOWN EAST" AT MACDONOUGH.

Other Playhouses in the City Are Drawing Large Crowds.

"Way Down East" at the Macdonough is proving a record-breaker in the drawing of large and enthusiastic audiences. The house is practically sold out before the curtain rises each evening. People who have not witnessed the performance yet, must secure their seats in advance, because there is a constant demand for them while the box office remains open. The play will be produced tonight, tomorrow and Saturday night. People will smile, laugh and cry over the varying sentiments and episodes. Everybody, no matter what may be his or her temperament, will find something to appreciate in the play. In the Louise Bartlett of Julia Hanchett, the wife of the Squire, will be found a tender and faithful portrait of the New England mother, confiding in her husband, wrapped up in her son and charitable even to those into whose lives the baneful curse of slander may have entered.

Charles A. Burke as Rube Whipple the Town Constable, certainly gives a quaint interpretation to that part—an interpretation which is rewarded with laughter whenever he appears. Miss Grace Craib Hull of this city is nightly appreciated because of her fascinating acting in Kate Brewster.

DEWEY THEATRE.
Competition has no effect upon the patronage of the Dewey Theatre. Nightly, there is a large house and enthusiasm runs rampant among the audience. This is the case, in a special manner, this week, when the roaring comedy, "The Red Cat" is on the boards. The humor of the piece is infectious and the play must be seen to be appreciated.

PEACE BROADWAY.
Peck's Broadway Theatre is doing a booming business. The performers this week are in the first rank of the several lines of their profession and are applauded to the echo every night. The same bill will be continued on the boards until next Sunday night.

ROSENWASSER'S.
Rosenwasser's Vaudeville House has been playing this week an aggregation of dark-faced artists, which has found a warm place in the appreciation of the patrons of the house. They will remain all this week. Last night was amateur night and the efforts of the tyros in the vaudeville line were successful in the extreme.

WILL BE MUSICAL EVENT OF SEASON

Emma Nevada Will Be at the Macdonough Next Tuesday Evening.

Madame Nevada's performance at the Macdonough next Tuesday night will be the great musical event of the season. Beyond any shadow of doubt the return of this prima donna to her native land is the most important occurrence of the present season in musical circles. The great cantatrice had not been heard in the Eastern cities during the past fifteen years and the greeting which she and her company received demonstrated that the American public has a long memory for their pride in the little American singer who had established herself in almost every country in Europe as the world's greatest cantatrice. Nevada has but one rival—Melba, but while Nevada has been faithful to the bel canto, Melba has been faithless to her country. Denzetti, Meyerbeer and Verdi, and has turned from the straight path to follow strange gods. Melba has declared Brunilde, Nevada, who is "Amina," who is "Lucia," has never wanted to sing from the beautiful field and would not be Brunilde if she could. She is a cantatrice, pure and simple, the one supremely gifted throat with musical soul to catch in ten million and worshippers of the cantatrice will now have an opportunity of doing her homage without a pilgrimage to her foreign shrine. Seats ready Saturday morning.

MISS MILA LALLY IS A BRIDE.

FORMER OAKLAND YOUNG LADY MARRIED IN SAN FRANCISCO.

Wedding of Miss Willard and Albert Langley Yesterday Afternoon.

There was a wedding in San Francisco last evening in which a number of Oaklanders were entertained. Miss Mila Lally formerly of this city became the bride of Henry Lund, Jr. The wedding took place at the home of the bride's parents, 1816 Pacific avenue.

Mr. Lund is Vice-Consul for Norway and Sweden. The decorations were very handsome, exquisite pink tulips, almond blossoms, woodwardia fern and smilax being used in great profusion throughout the several rooms. Rev. Bradford Leavitt performed the marriage ceremony in the presence of about one hundred friends and relatives of the contracting parties. The bride's gown was an exceedingly handsome affair of a white panne crepe. The bodice, which had a transparent yoke and elbow sleeves of tucked tulle, was finished with a bertha of point applique lace. The long tulle veil was caught to the collar with a spray of orange blossoms. The bridal bouquet was composed of Ascension lilies. The maid of honor, Miss Charlotte Lally, was attired in a dainty frock of pink chiffon, trimmed with lace, and she carried a bouquet of bridesmaid roses. The bridesmaids, Miss Kate Guin, Miss Georgia Lacy, Miss Mabel Russell and Miss Charlotte Lally, wore similar gowns of white muller over green tulle. They carried shower bouquets of maidenhair fern. Starr Keeler assisted the groom as best man, and the ushers were William Wood, Charles Hutchison, William Horn and Roy Pike.

Mr. and Mrs. Lund will depart today for a two weeks' wedding trip. Upon their return they will occupy the Lund residence at 1823 Jackson street during the family's absence abroad.

WILLARD - LANGLEY WEDDING.
The wedding of Miss Sadie Willard, daughter of Mr. and Mrs. A. A. Willard, to Albert Robinson Langley of Victoria, took place at 5 o'clock yesterday afternoon at the Willard residence, on Linden street.

The house was exquisitely decorated for the occasion, the most prominent feature being the bower, beneath which the ceremony was performed. It was of richest material, entwined with greens and great bunches of almond blossoms, tied with white ribbons. Overhead was strung garlands of the greens, the whole making a very artistic setting for the bridal couple. The other rooms were in yellow, acacia and jonquils, being used in masses, and the bride's table was effective in jonquils and violets.

The bride was attired in a beautiful gown of white embroidered chiffon over tulle, with transparent yoke and sleeves and a graceful train of accordion-plaited chiffon. She wore a simple white veil and carried lilies of the valley. Miss Muriel Langley, the bride's only attendant, was attired in a dainty white gown.

A CAUSE OF HEADACHE.

One Very Common Cause, Generally Over-Looked.

Headache is a symptom, an indication of derangement of some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the stomach and liver, heart trouble, kidney disease, lung trouble, eye strain, or ill fitting glasses, produce headache, and if we could always locate the organ which is at fault the cure of obstinate headaches would be a much simpler matter. The most common form of headache called frontal headache, pain back of the eyes and in forehead, the cause is now known, but it is not generally known. When the headache is located in back of head and neck it is often caused from catarrh of the stomach or liver. The headache when always worse when common cause of such headaches and the cure of the catarrh causes a prompt disappearance of the headache.

There is at present no treatment for catarrh so convenient and effective as Stuart's Catarrh Tablets, the only remedy in tablet form, composed of antiseptic like eucalyptol, guaiacal and blood root which act upon the blood and cause the elimination of catarrhal matter from the system through the natural channels.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with catarrhal headaches and catarrh of the stomach. She says: "I suffered daily from severe frontal headache and pain in back of the head, at times so intensely so that I was unable to do my daily duties. I had suffered from catarrh, more or less, for years, but never thought it was the cause of my headaches, but finally became convinced that such was the case because the headaches were always worse when I had a cold or fresh attack of catarrh."

Stuart's Catarrh Tablets were highly recommended to me as a safe and pleasant catarrh cure, and after using a few fifty-cent boxes which I procured from my druggist, I was surprised and delighted to find that both the catarrh and headaches had gone for good. Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no cocaine (so common in cheap cough cures), nor any harmful drug. They contain simply the wholesome antiseptic necessary to destroy and drive from the system the germs of catarrhal disease.

and carried maiden-hair fern. The two little ribbon bearers, Harold Lewis and Clinton Worden, were in white, and made an attractive picture. Albert Willard, brother of the bride, was best man.

After the ceremony, which was performed by Rev. E. E. Baker of the First Presbyterian Church, a wedding supper was served at small tables. Many clever and appropriate toasts were given, and amid the heartiest congratulations and a shower of rice, the young couple, left, taking the evening train north. They will spend their honeymoon in Portland and Seattle, after which they will continue their trip to Victoria, where Mr. Langley holds a responsible business position.

A resolution was adopted requesting the Speaker of the House of Representatives to appoint a special committee of the House to examine into the conduct of the Pension Bureau by H. Clay Evans, the present Pension Commissioner. It is claimed that every veteran who would have the protection of the Government are being discriminated against by Evans, whom, it is said, was only in the day soldier, and that his service then was in the Quartermaster's Department.

STRANGER EXECUTOR OF CROWLEY'S WIFE'S WILL.

Judge Ellsworth has admitted to probate the will of Winifred Crowley and, at the same time, the husband of the late Daniel Crowley, to be appointed administrator of the estate.

The deceased died December 26, 1901, and left a will bearing date December 12, 1901. This document appointed Katherine B. Crowley, widow of the deceased, as executrix. It was witnessed by William Basil White, Jennie and Joseph Herbert.

On the 8th of January, however, of this year Daniel Crowley, the husband of the deceased, filed a contest of the will and of the appointment of Katherine B. Crowley as executrix.

Judge Ellsworth, however, has found that the will had been legally made and admitted and appointed Katherine B. Crowley as executrix.

The estate consists of a lot in the W. 14th street.

LIBERTY LODGE K. O. F.

On Thursday evening, February 27, 1902, Liberty Lodge No. 35, Knights of Pythias, gave one of the most successful smokers ever held at West Oakland. The lodge-room was crowded to the doors with loyal Knights and their friends. The entertainment consisted of selections on the graphophone. Brother Knight H. C. Coleman, acting as master of ceremonies, introduced E. C. Dr. Wm. M. Brown, who made a pleasing and eloquent speech on the good of the order, after which all were agreeably entertained by songs, recitations, funny stories, slight-of-hand performance by Bro. Dale, violin selections by Prof. R. Smith, concluding with three very lively and entertaining exhibitions by members of the West Oakland Athletic Club. During the evening, pipes and tobacco were freely distributed among those present, after which all were invited into the banquet hall to enjoy a beautiful repast. Great praise and credit were given the committee for the excellent program.

A. O. U. W. NOTES.

Pacific Lodge meets this evening at A. O. U. W. Hall, 110 Broadway, at 8 o'clock. Special Deputy Brewer is hand in glove with Central and Keystone Lodges, and is meeting with good success, notwithstanding the stormy weather. Preparations are being made for the return visit to the San Francisco lodges, which takes place on Wednesday evening, March 13, at the Hall of Valley Lodge No. 22. Prior to building, fourth street last Thursday evening twenty-five members of Pacific Lodge signified their intention of going over, and as there are twelve lodges in Oakland, there is no doubt but there will be a large delegation present. Valley No. 20 is the largest lodge in the State, and they will make

this evening a pleasant one for their visitors.
John M. Prairo, inside watchman, and an old member of Central Lodge No. 2, died at West Oakland Saturday after a few days' illness from pneumonia. He was buried in San Francisco on Monday. One of the faithful workers in the order is D. K. Stridger, C. Hayward secretary of the Alameda County Extension Committee Association. He never misses a meeting of the committee, no matter how the weather is, and some times he does not reach home until 2 A. M., after a walk of ten miles from the car. Such workers should be appreciated.
The Supreme Recorder's last report shows membership in the state as follows: 1,902, 24,257; death losses paid in December, \$77,760.47; total death losses paid in 1901, \$3,518,355.96; grand total for death losses since organization, \$15,147,674.

COMPANIONS OF THE FOREST.

Pride of the Forest Circle, No. 122, Companions of the Forest, held its meeting last Thursday evening, it being the quarterly meeting for election of delegates for the convention to be held in May in San Francisco. There was a large attendance. Those elected were: First delegate, Mrs. Cumming; second delegate, Mrs. Murdoch; alternates, Mrs. Ennis and Mrs. Norton.

ODD FELLOWS MEET.

Harbor Lodge, No. 253, I. O. O. F., held a regular meeting Wednesday evening, March 5th. Considerable business was transacted. The good resulting from the visit of the Grand Master is noticed in the increase of attendance of the members. There are three propositions for membership in the hands of the committee. Degree work will take place later in the month.

KNIGHTS OF THE MACCABEES.

A large number of members and visitors attended the review of Oakland Tent, No. 17, K. O. T. M., last Monday evening. Three applications for membership were received and four elected candidates were initiated and declared Sir Knights.
The committee in charge of the grand ball given at Armory Hall Wednesday evening, February 26th, reported that the affair was a great success. The music by the Fifth Regiment band of twenty pieces could not have been excelled and 232 couples were in the grand march.
The tent has organized a brass band and it will give a concert at the review next Monday evening, March 10th. There will be other entertaining features as well as good things to eat and cigars to smoke.

INDEPENDENT FORESTERS.

Court Oakland, No. 1237, I. O. F., met as usual at Foresters' Hall, Thirteenth and Clay streets, Tuesday last. The relatives of Brother Perry Wall acknowledged the receipt of \$1,000 insurance which arrived here on the nineteenth day after the death of the brother. It appears that he had lost his beneficiary certificate, but in spite of that the money was sent on as he was in good standing on the day he died.

The district deputy in the course of a few remarks alluded to the death of Brother Wall, who, he said, had been in the order only four years, paying in as dues only about \$35. His case should appeal to young men who at present are carrying no insurance as the late brother was apparently a very healthy and powerful man, one whom a person would judge would survive "three score years and ten." But such is the uncertainty of life.
The resignation of Brother D. W. Robinson was presented and accepted, and Brother J. H. Edelen was elected to fill his position as treasurer of the court.

KNIGHTS OF PYTHIAS.

There will be a meeting of Liberty Company, No. 11, Uniform Rank, K. of P., at Pythian Hall, Twelfth and Franklin streets, Friday, March 7, 1902.

It will be the annual meeting and it is desired that there be a full attendance, for all the officers will be installed and much other business will be transacted.

Every Knight should send in his application to join. The company is making ready for the convention in August next and wants a well-drilled body to greet Eastern brethren. The company have been elected the best captains in the State, and he will have one of the best companies in San Francisco in August next.
Quite a number braved the inclement weather to attend the meeting of Live Oak Lodge last evening.
The lodge, in its usually good natured way, conferred the rank of esquire on Page J. W. Fiegan.

The knight rank will be conferred next Wednesday, the 12th, by Live

FOUND IT.

Coffee Was Doing the Work in Good Style.

Members of the same family are affected differently by coffee drinking. One may feel the effect in a disordered stomach while another may have no trouble with the stomach so far as known, but have palpitation of the heart and finally organic heart disease, or perhaps in another the kidneys may become affected.

As an illustration, a family in Murphyboro, Ill., reports an experience. Mrs. Cole discovered that the stomach and nervous system nights were caused by coffee drinking. Her mother suffered from nervousness when coffee was used, while the brother of the family became a wreck directly from coffee drinking.
Mrs. Cole, in her letter, says, referring to her brother, "He went from one physician to another and his case puzzled them all until he had tried 11 different physicians. Some thought he had apoplexy, others locomotor ataxia, some advised operations to relieve the pressure at certain points, altogether his case became so alarming that we were afraid to have him alone. He frequently fainted away, and was in a most wretched condition."

"Finally one of the physicians suggested that possibly coffee brought on some of the symptoms, so he was persuaded to give up coffee and begin the use of Postum Food Coffee. Then he began to recover, and day by day the old troubles left. Now he has gotten entirely well, has gained about 30 pounds and is the picture of health. Of course he and his family use Postum regularly. He says he would as soon drink a spoonful of poison as of old fashioned coffee."

"When we first began to make Postum it was boiled but a few minutes and none of us liked it, but since we began making it properly by having it boil long enough to bring out the flavor, we all enjoyed it superior to the old fashioned coffee. It is delicious when made right and that is easy."
"A number of our friends have been cured for various troubles by leaving off coffee and using Postum. With Mrs. Cole the coffee caused a smothering sensation, bloating and serious trouble with the heart. She has been entirely recharged since changing from common coffee to Postum."

TRIBE OF BEN HUR.

At an open meeting held on Monday last, Oakland Court, Tribe of Ben Hur, delightfully entertained their friends with the following program: Selection by Powell's Orchestra; vocal solo, Miss Winkler; comic readings, G. W. Caldwell; cornet duo, Mr. Crane and Miss Grace Crane; dramatic recitation, Mr. Frank Bouterous; short sketch, Dr. Moutou and Miss Cora Reichart, entitled "Lizzie and Willie Bumps." Dancing followed, and was indulged in by a large number of those present. The evening was a decided success in every way.

ODD FELLOWS.

Harbor Lodge, No. 253 I. O. O. F., was favored on Wednesday evening, January 23th, by a visit from Grand Master William Nicholas, Jr. who was accompanied by his deputies.

The second degree was exemplified on a candidate.
As this fraternal visit had been announced among the lodges, one hundred members from Oakland, Berkeley and Alameda were present to welcome the grand master.

The grand degree had been conferred, the grand master made some remarks upon the rapid growth of the I. O. O. F., especially in the southern part of the State, where there has been several new lodges instituted.
The grand master had the pleasure of calling upon the oldest past grand master for a few remarks stating that he was an ex-slave and that he had been almost the youngest to have Past Grand Master L. L. Alexander present to assist him in his remarks.

The remarks of P. G. M. Alexander were very interesting, instructive and full of the many incidents of work in the order of some forty years ago.
After those remarks, the lodge adjourned to the banquet room where the members found many good things that go to keep body and soul together.
After the banquet, the remarks by Past Grand Wright of Berkeley, P. G. D. D. E. M. Part, P. G. James Rye, and others were heartily received, after which, as it was nearly midnight, the visitation of the grand master was brought to a close with many hearty cheers for the good of the order and for Harbor Lodge No. 253.

REBEKAHS.

Oakland Rebekah Lodge No. 16, I. O. O. F., will confer the initiatory degree on three candidates, March 15th.
Next Saturday evening, March 8th, this lodge will hold a short session, at the close of which the doors will be

thrown open to the public, and a social dance will be held. Tickets of admission can be procured at the door, or of the chairman, P. N. C. Sister Newman.

REBEKAH DRILL CORPS.

Quite an addition to Oakland fraternal orders, will be the Oakland Rebekah Drill Corps, No. 3, I. O. O. F., newly organized and composed of the members of the various Rebekah lodges of this city. Quite a number have signified their intention of joining. The officers are as follows: Captain, Mrs. I. Ward; Lieutenant, Miss A. J. Smith; ensign, Mrs. J. Hamilton; drill master, Captain Cool of Canton, No. 11, I. O. O. F.

WOMEN OF G. A. R.

Lyons Corps No. 6, W. R. G. held a meeting last Tuesday afternoon. President, Mrs. J. M. Coleman, in the chair. The department president, Mrs. Winous, visited the Corps last Tuesday, which was pleasing to all officers and members. All brothers and members present were very encouraging. The next social will take place March 11.

MASONIC.

Brooklyn Lodge, No. 235, F. and A. M., at East Oakland, will confer the first degree Tuesday evening, March 11th.

IMPROVED REDMEN.

At the last regular Council of Tecumseh Tribe, No. 62, I. O. R. M., business of importance came before the house which will attract the attention of all members of this tribe for several months. The members of the tribe are cordially invited to attend the meetings.

At the regular Tribe 82 again to the front and is anxious to meet in competition with the degree masters of any tribe of the order of this side of the bay. At the 24th meeting it issued a challenge to Lawrence Tribe, No. 87.
It seems that the Braves have dug up the old bones and are out in their war paint and feathers, as this is the second challenge within one month.

Brother James Ingram, the "silver-tongued" fled Man, made an eloquent speech.
Brother Ingram closed with the following lines:
"Whoever enriches the mind and soul, whatever quickens the kinder sentiments of our nature, whatever makes the husband and father more devoted and affectionate, whatever makes the wife and mother more tender and loving, whatever tends to the negation of self and the development of love for our kind, whatever moves the heart to pity and extends the hand of charity, is an inspiration that lifts the weary children of earth nearer to the great and loving heart of God."

NATIVE DAUGHTERS.

Piedmont Parlor, No. 57, N. D. G. W., has changed its meeting place from Loring Hall to Elk Hall, 1107 Broadway, where it will hold its meetings every Friday evening.

KNIGHTS AND LADIES OF HONOR

The order of Knights and Ladies of Honor has steadily gained in membership since the first year after changing its plan to one assessment per month. During the first year it lost a large number of members who could not see the wisdom of raising the rate of payment according to the maturity experience tables of insurance experts. That the Supreme Lodge was wise in changing in 1899 is now shown in the order's growing stability and prompt payment of its relief claims, none of which run thirty days, and many paid in the day and the night.
Other prominent orders of this class are now preparing to follow the lead of the Knights and Ladies of Honor in raising their monthly rates to conform to mortality experience.
Oakland Lodge No. 825, organized fifteen years ago, has continued with almost the same number of members, but during the past six days it has added ten per cent to its membership and expects before the next anniversary of the order in June to add fifty per cent.

Mr. Thomas is a young man and a recent graduate of the State University. He graduated from college in 1899 and then took up the study of law. After studying a short time he was elected Town Clerk.

AN OAKLAND MAN NAMED FOR PRESIDENT.

PORTLAND, Ore., March 6.—At the session of the Pacific Union Conference of the Seventh Day Adventists yesterday the most important measures adopted were the formation of several conferences on the Pacific Coast and the partial report of the committee on the nomination of officers. It was decided today that the North Pacific Conference be divided into two conferences. It was also decided that the British Columbia, Utah and Arizona conference be formed and the members of the union conference. These latter bodies will be organized by the incoming officers of the next union conference.
The nominating committee recommended W. T. Knox of Oakland, Cal., for president.

W. C. T. U. WOMEN WILL MEET IN EAST OAKLAND.

The East Oakland W. C. T. U. will meet in the Tenth avenue Baptist Church tomorrow afternoon. Members are requested to meet promptly at 2 o'clock for the business meeting. At 3 o'clock the meeting will take the form of a Francis Willard memorial. Mrs. M. C. Lord of San Francisco, editor of the Pacific Ensign, official organ of the W. C. T. U., on this Coast, is expected to be present, and address the meeting. There will also be other speakers and the public is invited to this meeting.

HEALTH OFFICERS TO MEET.

It is probable that a convention of the health officers of the entire State will be held in this city on the 14th of this month, or if not in this city, then in San Francisco.
Health Officer von Adelung of this city has been corresponding with the different officials of the State with this object in view. He thought originally that the convention could be called together in this city, but now believes that it would be better to hold the meeting in San Francisco, as the State Medical Association is to hold its annual conference in San Francisco on the 14th of this month.

Tot Causes Night Alarm

"One night my brother's baby was taken with Croup," writes Mrs. J. C. Snider of Crittenden, Ky. "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve. Infallible for Croup, Colds, Throat and Lung troubles. 50c and \$1.00. Trial bottles free at Osgood Bros' drug store, Seventh and Broadway."
